

	Apoidea	Bees
Researcher:	Daniel Bennett and John Pascarella	
Affiliation:	Stephen F. Austin State University, Sam Houston State University	
Date Range:	2017-2022	
Total Identified to Date:	127	
	Species:	New Species
	<i>Agapostemon splendens</i>	New to preserve
	<i>Agapostemon texanus</i>	New to preserve
	<i>Andrena cressonii</i>	New to preserve
	<i>Andrena dolomellea</i>	New to preserve
	<i>Andrena forbesii</i>	New to preserve
	<i>Andrena fulvipennis</i>	New to preserve
	<i>Andrena gardineri</i>	New to preserve
	<i>Andrena hippotes</i>	New to preserve
	<i>Andrena ilicis</i>	New to preserve
	<i>Andrena imitatrix</i>	New to preserve
	<i>Andrena miserabilis</i>	New to preserve
	<i>Andrena sp. 1 (rubi ?)</i>	
	<i>Andrena verecunda</i>	New to preserve
	<i>Andrena violae</i>	New to preserve
	<i>Anthidiellum notatum</i>	New to preserve
	<i>Anthophora abrupta</i>	New to preserve
	<i>Apis mellifera</i>	
	<i>Augochlora pura</i>	
	<i>Augochlorella karankawa</i>	New to preserve
	<i>Augochloropsis metallica</i>	
	<i>Augochloropsis sumptuosa</i>	New to preserve
	<i>Bombus griseocollis</i>	New to preserve
	<i>Bombus impatiens</i>	
	<i>Bombus pensylvanicus</i>	
	<i>Calliopsis andreniformis</i>	New to preserve
	<i>Ceratina calcarata</i>	New to preserve
	<i>Ceratina cockerelli</i>	New to preserve
	<i>Ceratina shinneri</i>	New to preserve
	<i>Ceratina strenua</i>	New to preserve
	<i>Coelioxys immaculatus</i>	New to preserve
	<i>Coelioxys mexicanus</i>	New to preserve
	<i>Coelioxys octodentatus</i>	New to preserve
	<i>Coelioxys sayi</i>	New to preserve
	<i>Colletes inaequalis</i>	
	<i>Colletes nudus</i>	New to preserve
	<i>Colletes productus</i>	New to preserve
	<i>Colletes thoracicus</i>	New to preserve
	<i>Dianthidium curvatum</i>	
	<i>Epeolus ilicis</i>	New to preserve
	<i>Epeolus lectoides</i>	New to preserve
	<i>Habropoda laboriosa</i>	New to preserve
	<i>Halictus ligatus</i>	New to preserve
	<i>Heriades carinata</i>	
	<i>Holcopasites illinoiensis</i>	New to preserve
	<i>Hoplitis pilosifrons</i>	New to preserve
	<i>Hoplitis simplex</i>	New to preserve
	<i>Hoplitis truncata</i>	
	<i>Hylaeus affinis</i>	New to preserve
	<i>Hylaeus confluens</i>	New to preserve
	<i>Hylaeus floridanus</i>	New to preserve
	<i>Hylaeus georgicus</i>	New to preserve

	<i>Lasioglossum apokense</i>	New to preserve
	<i>Lasioglossum batya</i>	New to preserve
	<i>Lasioglossum birkmanni</i>	New to preserve
	<i>Lasioglossum bruneri</i>	New to preserve
	<i>Lasioglossum callidum</i>	New to state
	<i>Lasioglossum cinctipes</i>	New to preserve
	<i>Lasioglossum coreopsis</i>	
	<i>Lasioglossum creberrimum</i>	
	<i>Lasioglossum disparile</i>	New to preserve
	<i>Lasioglossum fedorense</i>	New to preserve
	<i>Lasioglossum floridanum</i>	New to preserve
	<i>Lasioglossum illinoense</i>	
	<i>Lasioglossum imitatum</i>	New to preserve
	<i>Lasioglossum longifrons</i>	New to preserve
	<i>Lasioglossum lustrans</i>	New to preserve
	<i>Lasioglossum pectorale</i>	New to preserve
	<i>Lasioglossum pruinatum</i>	New to preserve
	<i>Lasioglossum reticulatum</i>	New to preserve
	<i>Lasioglossum semicaeruleum</i>	New to preserve
	<i>Lasioglossum tarponense</i>	New to preserve
	<i>Lasioglossum tegulare</i>	
	<i>Lasioglossum trigeminum</i>	
	<i>Lasioglossum vierecki</i>	
	<i>Lasioglossum weemsi</i>	
	<i>Megachile albitarsis</i>	New to preserve
	<i>Megachile deflexa</i>	New to preserve
	<i>Megachile frugalis</i>	New to preserve
	<i>Megachile georgica</i>	
	<i>Megachile lippiae</i>	New to preserve
	<i>Megachile melanophaea</i>	New to preserve
	<i>Megachile mendica</i>	New to preserve
	<i>Megachile mucida</i>	New to preserve
	<i>Megachile petulans</i>	New to preserve
	<i>Megachile polycaris</i>	New to preserve
	<i>Megachile pseudobrevis</i>	New to preserve
	<i>Megachile rugifrons</i>	New to preserve
	<i>Megachile texana</i>	New to preserve
	<i>Megachile xylocopoides</i>	
	<i>Melissodes agilis</i>	New to preserve
	<i>Melissodes bimaculata</i>	New to preserve
	<i>Melissodes communis</i>	
	<i>Melissodes comptoides</i>	
	<i>Melissodes dentiventris</i>	New to preserve
	<i>Melissodes druniellus</i>	New to preserve
	<i>Melissodes sp. 1</i>	
	<i>Melissodes sp. 2</i>	
	<i>Melissodes tepaneca</i>	New to preserve
	<i>Melitoma taurea</i>	
	<i>Nomada armatella</i>	
	<i>Nomada rubicunda</i>	New to preserve
	<i>Nomada vineta</i>	New to preserve
	<i>Nomia nortoni</i>	New to preserve
	<i>Osmia atriventris</i>	New to preserve
	<i>Osmia chalybea</i>	New to preserve
	<i>Osmia georgica</i>	New to preserve
	<i>Osmia juxta</i>	New to preserve
	<i>Osmia sandhouseae</i>	
	<i>Osmia texana</i>	
	<i>Peponapis pruinosa</i>	New to preserve
	<i>Perdita bishoppi</i>	New to preserve

	<i>Perdita cambarella</i>	New to preserve
	<i>Perdita halictoides</i>	New to preserve
	<i>Perdita ignota</i>	New to preserve
	<i>Perdita obscurata</i>	New to preserve
	<i>Ptilothrix bombiformis</i>	
	<i>Sphecodes atlantis</i>	New to preserve
	<i>Sphecodes brachycephalus</i>	New to preserve
	<i>Sphecodes sp. 1</i>	
	<i>Stelis lateralis</i>	
	<i>Stelis louisae</i>	New to preserve
	<i>Svastra atripes</i>	New to preserve
	<i>Svastra compta</i>	New to preserve
	<i>Triepeolus lunatus</i>	New to preserve
	<i>Triepeolus simplex</i>	New to preserve
	<i>Xylocopa micans</i>	New to preserve
	<i>Xylocopa virginica</i>
